PRESENTATION

Located in the heart of Roussillon, Château Planères is a family-run estate cultivating an exceptional terroir marked by clay-limestone soils and a Mediterranean climate—ideal for producing rich and elegant wines. The vineyard is managed under sustainable agriculture, with particular attention paid to expressing the character of the land. Traditional Roussillon grape varieties such as Grenache, Syrah, and Mourvèdre are vinified with precision to reveal their full aromatic complexity. The estate's red wines offer deep aromas of dark fruits and spices, while the whites and rosés stand out for their freshness and finesse. Château Planères perfectly embodies the authenticity and richness of Roussillon wines.

IN THE VINEYARD

The vines are cultivated using sustainable methods, including soil management, controlled cover cropping, and minimal treatments. Key stages include canopy management, disease prevention, and harvest timing to preserve aromatic integrity.
