# DOMAINE ROGER BELLAND

AOP Santenay Premier Cru La Comme  
Red

## PRESENTATION

Domaine Roger Belland, founded in 1839, is located in the heart of the village of Santenay, in the south of the Côte de Beaune. Roger Belland and his daughter Julie represent the fifth and sixth generations of Domaine Belland. Passionate about exceptional wines, they cultivate 23 hectares of vines, located on the finest terroirs of the 1st and grand crus of the villages of Maranges, Santenay, Chassagne Montrachet, Puligny Montrachet, Meursault, Volnay and Pommard. The domaine's viticulture is sustainable and respectful of the environment.

## VARIETAL

Pinot Noir 100%

## LOCATION

Plot located in continuation of the Chassagne-Montrachet Premier Cru Morgeot.  
Age of vines: 50 à 70 years old

## TERROIR

Slightly sloping clay-limestone soil.

## IN THE VINEYARD

Guyot pruning with very early debudding and leaf removal (at the floral cap fall stage).

## HARVEST

100% manual harvest with strict sorting performed in the vineyard.

## WINEMAKING

Vinified with 30% whole bunches in a temperature-controlled stainless steel vat. Cold maceration lasts 3 to 4 days with gentle pump-overs to encourage yeast development. Alcoholic fermentation begins after a few days, under temperature control (between 16°C and 20°C). Once all sugars are consumed, maceration ends with a warm phase to stabilize color and soften the tannins.

## AGEING

Aged for 12 months in 228L oak barrels, 20% of which are new. Malolactic fermentation occurs during barrel ageing.

## SERVING

14 to 16°C

## AGEING POTENTIAL

5 to 10 years

## TASTING

Known as one of the most refined wines of the appellation. It reveals a purple-ruby robe and a bouquet of generous red fruits subtly layered with delicate minerality. The palate is equally flattering, with a silky texture and supple, elegant tannins.

## FOOD PAIRINGS

Free-range poultry, feathered game.

## PRODUCTION VOLUME

5 000
