

ÉMOTION

— Exclusive Selection —

Emotion, Grenache, IGP Pays d'Oc, Rosé, 2022

IGP Pays d'Oc, France

PRESENTATION

EMOTION" is a selection of wine from Pays d'Oc, a Mediterranean terroir in the South of France. Each carefully crafted cuvée expresses in its own way the richness and diversity of this very sunny wine region. This range is an invitation to experience a true moment of emotion, a sensory experience where each sip tells a story, that of a terroir, a grape variety, and the passionate work of our artisans.

TERROIR

This wine is produced from the Grenache grape variety. The grapes were grown on vines aged 15 to 20 years, planted in the clay-limestone soils of Languedoc, between Montpellier and Sète, near the Mediterranean coast. Grenache is a grape variety that thrives in arid regions. The climate of this region is hot, dry, and very sunny.

IN THE VINEYARD

The yields are low (65hl/ha).

WINEMAKING

The clusters undergo direct pressing. Settling is important in order to obtain a very clear juice, which will then be vinified like a white wine and fermented at low temperature (15°C). For this Grenache, there is no malolactic fermentation.

VARIETAL

Grenache 100%

TASTING

This wine presents itself with an elegant pale pink robe, offering a beautiful freshness and pleasant liveliness. On the palate, the attack is frank and fruity, revealing a subtle tension and a marked minerality. Well-balanced, it stands out for its long finish, leaving a sensation of freshness in the mouth.

FOOD PAIRINGS

Serve very chilled (8°C) as an aperitif, with a barbecue, a mixed salad, or stuffed vegetables.
