

Baron Rocheau

AOP Bordeaux - 2020 - **RED**

PRESENTATION

Bordeaux is the largest vineyard of appellation wines in France. Located in the southwest, along the Atlantic coast, it is crisscrossed by the Garonne and Dordogne rivers and enjoys a temperate oceanic climate. The richness, quality, and diversity of these wines are rooted in the uniqueness of the terroirs, the expertise of the winemakers, and the art of blending. The tidal influence from the two rivers imparts distinct characteristics to the wines. With the advantage of this vast territory, Bordeaux reds offer an infinite range of nuances and combine their virtues in a myriad of ways.
