

Château Peyrouley, Bordeaux Blanc, 2025

AOC Bordeaux, Bordeaux, France

PRESENTATION

Château Peyrouley has belonged to the same family since 1870 with 83 hectares. The vineyard is located on limestone hills that are relatively close to the Bordeaux coast, offering the Peyrouley Blanc a very interesting minerality with optimal yield and water flow.

WINEMAKING

The Château Peyrouley is traditionally vinified after a low-temperature skin maceration in order to reveal the aromas that give the typicality of a very particular terroir.

VARIETALS

Sémillon 70%, Muscadelle 15%, Sauvignon 15%

TASTING

This wine is the perfect harmony between the structure and roundness of Sémillon, the fruity notes of Sauvignon (citrus and exotic fruits) and the sweetness of Muscadelle.
