PRESENTATION

Varietal wine, originating from various hillside soils, which wonderfully unveil the character and aromas of the grapes.

"Terroir" selection - from Grand Cru Froehn, meaning "the constraint".

The wines have an exceptional aromatic purity, producing fine wine which is subtle and elegant with salty notes on the finish.

TERROIR

A steeply sloping terroir that lies at altitudes between 270m and 300m exposed south, south-east and south-west. Made up of a clayey-marly soil on a bed of calcareous sandstone and dotted with marine fossils.

IN THE VINEYARD

Respectful practices if the environment and HVE label certification.

WINEMAKING

Traditional vinification and cultivation method. The grapes are harvested manually and then progressively pressed in a pneumatic press in order to extract the juice and aromas. The naturally present yeast on the grapes will start the alcoholic fermentation process that will change the grape juice into wine. Temperature controls are conducted throughout the fermentation process in order to guarantee persistence and balance. Two to three months after the fermentation process, the wine is racked in order to start maturing. Before bottling, each vat is filtered in order to guarantee the organic stability and conservation of the wine.

TASTING

A medium-dry white wine, its nose is a delicate mix of smoked aromas (grilled almonds), honey, quince and candied fruits. It is unctuous, harmonious and very refreshing on the palate. It also has long-lasting longevity, which makes it an excellent vin de garde.
