PRESENTATION

A winemaker from father to son, Raphaël Sallet has always been passionate about the vine. In 1986, at just 21 years old, he created his own estate with 0.40 hectares of vines. His first vintage was born in 1987. Since then, he has gradually expanded his vineyard by planting an average of 1.5 hectares per year. In 1994, his father Gérard Sallet, a former cooperative member, joined the family adventure. Together, they structured the estate, which today reaches over 26 hectares, spread across the appellations Mâcon-Chardonnay, Mâcon-Uchizy, and Mâcon-Villages. Since 2018, Marylène Sallet has also been cultivating 2.6 hectares in Viré, including a historic plot: "Clos du Chapitre," a former vineyard of the Cluny monks, allowing the production of an exceptional Viré-Clessé. The originality of the estate? An authentic family approach and controlled expansion that enhance the terroirs of the Mâconnais.
